

# CALL FOR PAPERS 12th ConTEL – INTERNATIONAL CONFERENCE ON TELECOMMUNICATIONS

JUNE 26–28, 2013  
Zagreb, CROATIA  
<http://www.contel.hr/>

## General Chair

Ignac Lovrek  
University of Zagreb, Croatia  
Faculty of Electrical Engineering and Computing

## Technical Program Chair

Maja Matijasevic  
University of Zagreb, Croatia  
Faculty of Electrical Engineering and Computing

## Technical Program Co-Chair

Mario Kusek  
University of Zagreb, Croatia  
Faculty of Electrical Engineering and Computing

## IEEE Liaison

Aleksandar Szabo, University of Zagreb, Croatia

## Organizing Committee Chair

Aleksandra Cerekovic  
University of Zagreb, Croatia  
Faculty of Electrical Engineering and Computing

## Publication Chairs

Krešimir Pripuzic and Marko Banek  
University of Zagreb, Croatia  
Faculty of Electrical Engineering and Computing

## Publicity/Web Chair

Gordan Gledec, University of Zagreb, Croatia

## Technical Program Committee

Karl Aberer, EPFL, Switzerland  
Slavisa Aleksic, Vienna Univ. of Technology, Austria  
Magdy Bayoumi, Univ. of Louisiana at Lafayette, USA  
Zmago Brezocnik, University of Maribor, Slovenia  
Hakan Delic, Bogazici University, Turkey  
Wilfried Gappmair, Graz Univ. of Technology, Austria  
Michael Gebhart, NXP Semiconductors, Austria  
Denis Gracanin, Virginia Tech, USA  
Manfred Hauswirth, DERI & Ntl Univ. of Ireland, Ireland  
Steve Hranilovic, McMaster University, Canada  
Darko Huljenic, Ericsson Nikola Tesla Zagreb, Croatia  
Sandor Imre, Budapest Univ. of Tech. & Econ., Hungary  
Admela Jukan, Technical Uni. of Braunschweig, Germany  
Andreas Kessler, Karlstad University, Sweden  
Mladen Kos, University of Zagreb, Croatia  
Yevgeni Koucheryavy, Tampere Uni. of Tech., Finland  
Bozidar Kovacic, University of Rijeka, Croatia  
Gernot Kubin, Graz University of Technology, Austria  
Erich Leitgeb, Graz University of Technology, Austria  
Pascal Lorenz, University of Haute Alsace, France  
Vjekoslav Matic, Infineon, Graz, Austria  
Branko Mikac, University of Zagreb, Croatia  
Marie-Jose Montpetit, MIT RLE, USA  
Jadranka Pecar-Ilic, Institute Rudjer Boskovic, Croatia  
Antonio Pescapè, University of Napoli "Federico II", Italy  
Thomas Plagemann, University of Oslo, Norway  
Reinhard Posch, Graz University of Technology, Austria  
Joel Rodrigues, University of Beira Interior, Portugal  
Nikola Rozic, University of Split, Croatia  
Hans-Peter Schwefel, FTW Vienna, Austria  
Nicolas Sklavos, T. E. I. of Patras, Greece  
Zoran Skocir, University of Zagreb, Croatia  
Toshitaka Tsuda, Fujitsu, Japan  
Drago Zagar, University of Osijek, Croatia

The 12th International Conference on Telecommunications, ConTEL 2013, will be held in Zagreb, Croatia, on June 26–28, 2013. Through its technical program, the conference will provide an opportunity for the academic and industrial communities to address new research challenges, share solutions and discuss issues in information and communication technology (ICT) referring to modern telecommunications. The theme of ConTEL 2013, "ICT Everywhere," aims to reflect on current and emerging networking technologies that enable ubiquitous computing and communications as key drivers of the information society. With new services and increasing demand, there is a growing need for improvement in networking infrastructure – not just in terms of quality and performance, but also in scalability, mobility, energy efficiency, and multiple technologies integration. Original research papers are solicited that present theoretical, as well as applied, practical and experimental work related to the areas and topics of interest listed below. The conference program will offer technical sessions, presenting the latest advances through peer-reviewed regular and special sessions, as well as workshops with focus on the latest breakthroughs in selected areas related to the conference. Visiting the charming host city of Zagreb, with its pleasant mix of Western European business style and Mediterranean informality, will nicely complement the conference experience.

**For up-to-date information on ConTEL, visit the ConTEL Homepage:** <http://www.contel.hr/>.

**ORGANIZED BY:** University of Zagreb – Faculty of Electrical Engineering and Computing

**TECHNICALLY CO-SPONSORED BY:** IEEE Croatia Section  
IEEE Communications Society Croatia Chapter

## TOPICS

We are soliciting contributed technical papers, special session proposals, and workshops proposals referring to the following topics of interest:

- Future Internet and next generation networking
- Converged networks and applications, including telecom NGNs and IMS
- Software technologies and service platforms for emerging services
- Web services, middleware, software agents
- Multimedia applications and services, rich communications services, and networked games
- QoS and QoE assessment and provisioning
- Cooperative networking, machine-to-machine communication
- Service infrastructure and management: virtualization, Grid and cloud computing services
- Traffic measurement, modeling, simulation, analysis, and engineering
- IPv6 transition, operation and research issues
- Telecommunication market, including business models, SLA, pricing, and regulatory issues
- Context awareness, personalization, content-based and social networking.

## IMPORTANT DATES

January 25, 2013:	Special Session and Workshop Proposals, Due
<b>February 22, 2013:</b>	<b>Full Papers, Due</b>
April 19, 2013:	Notification of Acceptance/Rejection
May 3, 2013:	Final, Camera Ready Papers, Due

## PAPER SUBMISSION

Papers submitted to ConTEL must not have been published, submitted, or accepted for publication elsewhere. IEEE policy regarding plagiarism and duplicate submission/publication will be strictly enforced. Papers may be submitted electronically before submission deadline, via EDAS (<http://edas.info/13077>). Paper submissions should follow the IEEE double-column format for conferences (templates available on the conference Web site). A maximum of (8) pages including all figures and references are allowed for each paper. Papers in excess of page limits shall not be considered for review or publication. Submitted papers will undergo a peer review process, coordinated by the Program Committee. The ConTEL proceedings will be published in hardcopy and electronically in IEEE Xplore®. Submission of a paper implies that, should the paper be accepted, at least one of the authors must register and attend the conference to present the work. The conference organizers and IEEE reserve the right to exclude a paper from distribution after the conference (e.g., remove it from IEEE Xplore®) if the paper is not presented at the conference. Instructions and guidelines for electronic submission are available on ConTEL Web site (<http://www.contel.hr/>).

## SPECIAL SESSION AND WORKSHOP PROPOSALS

Proposals are solicited for **special sessions** related to the conference topics. A special session proposal (up to 2 pg.) should contain the session organizer(s) short bio and contact information, the special session title, summary, and objectives, and a list of prospective authors and papers to be submitted to the special session. Proposals for **half and full day workshops** to be held in conjunction with the main conference are solicited. A workshop should focus on a specific theme related to the main conference topics. The proposal (up to 2 pg.) should clearly describe the theme and scope of the workshop, and include the workshop chair(s) short biography and contact information, and a tentative list of program committee members. The special session and workshop proposals should be submitted by e-mail to the Program Chair by due date.
