The 9th International Conference on Telecommunications, ConTEL 2007, will be held in Zagreb, Croatia, from June 13–15, 2007. Through its technical program, the conference will provide an opportunity for the academic and industrial community to address new research challenges, share solutions and discuss issues in information and communication technology (ICT) referring to modern telecommunications.

Zagreb is a charming city offering a pleasant mix of Western European business style and Mediterranean informality. Every visitor may find a favorite spot, be it behind the well-preserved walls of its romantic Upper Town, or in a daily hustle and bustle of cafes, restaurants, and stores in its Downtown. Further on, the wonderful coast of northern Adriatic, as well as the exceptional Plitvice Lakes National Park, are just a few hours' drive away.

A broad range of topics is proposed. This year we particularly encourage submissions in the area of **Agents and Multiagent Systems for Networks and Services**.

**For up-to-date information on ConTEL, visit the ConTEL Homepage:** <http://www.contel.hr/>.

**ORGANIZED BY:** Faculty of Electrical Engineering and Computing – University of Zagreb, IEEE Croatia Section, IEEE Communication Society Croatia Chapter

**TECHNICALLY CO-SPONSORED BY:** IEEE Region 8, IEEE Communications Society

**TOPICS**

Topics of interest include:

Next Generation Network	Communications Software
All-optical networks	Software engineering
Broadband wireless LANs/MANs	Software design for mobile devices
Quality of service	Software architectures
Network convergence	Formal methods
Telecom market	Specification and verification
IPv6 deployment and applications	Tools, environments and testbeds
Multimedia communications	Information Infrastructure
Quality of service	e-Commerce & e-Government
Multimedia applications	Information society
Mobile multimedia	Knowledge management
Networked virtual environments	Mobile agents & multiagent systems
WWW services	Security & privacy

**IMPORTANT DATES**

We are soliciting original contributed technical papers to be considered for presentation at the Conference and publication in the Conference Proceedings. Authors are also invited to submit proposals for invited sessions/papers/talks by topic of interest.

October 31, 2006:	Special Session Proposals, Due
<b>January 26, 2007:</b>	<b>Full Papers</b> , Tutorial/Workshop Proposals, Due
March 12, 2007:	Notification of Acceptance/Rejection
April 6, 2007:	Final, Camera Ready Papers, Due

**PAPER SUBMISSION**

Papers must be **submitted electronically** before submission deadline, **via Web upload** only. Instructions and guidelines for electronic submission are given at the ConTEL Web site: <http://www.contel.hr/>.

Papers should be submitted in standard IEEE double-column format for conferences. The first page of the paper, centered on the top below the top margin, should include the paper title, the authors' names and their affiliations, an abstract, and keywords. Eight pages are allowed for each paper. Illustrations and references are included in the page count. Submitted papers will undergo a peer review process, coordinated by the International Program Committee.

**SPECIAL SESSION PROPOSALS**

Proposals for special sessions should contain the session organizer(s) short biography and contact information, the title of the session and a brief description (up to 500 words) of the special session topic, and its objectives. The organizer(s) should also provide a list of at least three speakers and (tentative) titles of their papers to be submitted to the special session. Proposals should be sent by e-mail to the Program Chair by due date.

**TUTORIAL AND WORKSHOP PROPOSALS**

A tutorial/workshop proposal should contain the tentative title of the tutorial/workshop, speaker(s) short biography and contact information, an extended abstract (up to 2000 words), and a table of contents of the material to be covered. Proposals should be sent by e-mail to the Program Chair by due date.

For general and technical program inquiries about the conference, please contact the Program Chair.
